 *more information to come

During the weeks of April 27th and May 3rd your child will be taking the CAASPP test. Please make sure that your child eats a balanced breakfast, is prepared, and arrives at school on-time.

Testing will promptly begin at the start of the school day.

Cooperation

Most great learning happens in groups. Collaboration is the stuff of growth.

-Sir Ken Robinson Ph.D.

What We are learning this month:

<u>Reading/Writing</u>	<u>PE</u>	<u>Math</u>	<u>Science</u>	<u>Social Studies</u>
Students will be doing book clubs on texts at their reading level. They will review story structure, practice gathering quotes and details to support an idea, and write responses to literature.	Students will continue to learn the psychological and sociological concepts, principles, and strategies that apply to the learning and performance of physical activity.	Students will finish their unit on equations and expressions. They will start their next unit on area, surface area, and volume.	Students will finish studying about heat transfer. Students will finish the year with a study of ecology, in which they will create an iMovie about a biome and the factors that contribute to it be healthy.	The students will be heading to Ancient Greece. They will participate in a hands-on group activity teaching them about life during this time. Then, they will study the gods and goddesses.
