Enthusiasm

“The real secret of success is Enthusiasm.”

-Walter Chrysler

What “We” are learning this month:

| Reading/Writing | PE | Math | Science | Social studies |
|--|---|--|---|---|
| We will finish reading <i>The Cay</i> , and analyze the plot and theme of this book. We will write clearly developed five paragraph essays on the theme of the book. | We will be working on a variety of gross and fine motor skills, components of fitness and group dynamics. | The students will continue working with visual models to divide fractions by whole numbers, fractions, and mixed numbers. We also will start the addition and subtraction of decimals. | We will be finishing up learning about the earth's layers and beginning to discuss topography and how erosion affects it. | Students will be creating their own Ancient Egypt museum. Each group of students will research and re-create an Egyptian artifact such as, mummies, pyramids, jewelry, and canopic jars. We look forward to everyone visiting our museum. |
